Australia's only dedicated Slot Car Track Manufacturer.

DOMESTIC TRACK SYSTEMS

Choose from our range of ready made 2 and 4 Lane track systems. Contained in this leaflet.

They assemble in seconds and require no tools. All pieces are interchangeable and built on quality steel folding legs.

We use Magna braid so all cars with or without magnets run well.

The lanes are pitched at 100mm so you can use 1:32 or 1:24 scale cars.

The controller panel is relocatable to any track join. You can add new track pieces at any time to extend your race track.

We can also build your custom track design from 2 lanes up to 8 lanes.

From concept right up to delivery and installation.

COMMERCIAL TRACK SYSTEMS

We have partnered with clients such as KIA Australia, Mercedes AMG and Race Party.com Our production has ranged from 30 metre circuits, right up to the huge 83 metre track in Dandenong. We offer a full turn key operation for the budding entrepreneur....

Track systems, Race management systems, Track power supplies and race cars etc.

PORTABLE TRACK SYSTEMS

Trailer mounted slot car racing systems.
